(US 2003/0167455 A1), taken either singly and/or in combination with other cited prior arts, do not teach the combined functional limitations of split up said description in object classes and distribute said object classes between the code generators according to said distribution rules, each code generator translating the object classes with which it is provided, into said corresponding part of the said computer code, as recited in such manners in each of independent claims 11 and 29.

Prior arts of record do not teach and/or suggest these claimed limitations, thus, all remaining pending claims 11, 13-24 and 29 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
